

Beck Middle School's

Family

S T E M *Night*

Thursday, May 9th

7:00-8:30 p.m.

Family STEM night is a program designed to increase public understanding and appreciation for the role Science, Technology, Engineering and Math play in everyday life. Activities promote creative problem solving, teamwork, and communication, as well as introduce families to a variety of exciting careers available to students in STEM.

Play Problem Solving Games in math, engineering and science

Family Design Challenges

Meet Cherry Hill East students pursuing STEM careers

Meet local professionals with careers in STEM fields
