September 14, 2017

Dear Parents and Guardians,

On Tuesday, September 13, 2017, mice were noticed in Classroom 45 at Beck Middle School. Our buildings and grounds crew were immediately notified, and are currently taking steps to remediate the situation. Students and staff who use this classroom have been relocated while the matter is being addressed.

Our school conducts regular inspections for pest control purposes. These inspections are done to help us provide a safe and secure environment for our staff and students. The proper procedures to secure the room and disinfect the classroom area are currently underway. We anticipate the students returning to the classroom on Monday, September 15th.

Please contact me if you have any questions about this matter.

Regards,

Sidney Dawson  
Principal, Henry C. Beck Middle School
